An incident of betrayal by a fraud Journey Operator in Kolkata gave birth to "wild Habitat Journeys " and we have strictly followed our motive of eliminating bad practices in tourism industry .

As the name suggests " Wild Habitat Journeys " is one of the very few Journey Operators specialised in the Journeys which not only bring you closer to the nature but also encourage you to protect and grow the same. Our focus since the inception has been on the safe journeys of the less known and unexplored habitats of the wildlife to enhance the tourism activities without harming the balance of the nature .

Over the past few years since 2015 we have evolved as a trusted group to make our guests enjoy the wildlife in the habitats without disturbing the silence and the balance of the Nature . Our guest list includes world appraised Photographers , students , Families , Senior citizen , Doctors , IT Experts , Animal Right Activists , Educationalists & also Indian Army officers. Besides this the young school & college going youths are always our prime guests. We encourage everyone to understand the importance of our environment and it's inhabitants by arranging the nature journeys to habitats of the wild and also take the adventure activities . We enhance the nature & wildlife awareness in School children by getting associated with the schools and performing workshops to help the school nature club activities through our Program "Friends Of Nature "

We are a group of Dynamic professionals with a vision of a `Green & Clean Planet, where the diversity of life thrives and we act to conserve nature for our own sake an ability to fulfil our needs and enrich our lives. Wild Habitat Journeys is not just a Journey Operating company , but we act as a medium to

mingle with nature and be a part of it. We encourage and conservation of our mother Nature besides understanding the importance of our environment as well as it's inhabitants by arranging the nature journeys to habitats of the wild and also take the adventure activities . We enhance the nature & wildlife awareness in School children by getting associated with the schools and performing workshops to help the school nature

club activities through our Unique Program "Friends Of Nature " We believe that one must not interfere with the subjects of our photographs, nor should we put ourselves or our subjects at risk.

You might have a camera or a binocular , it does not matter really for Bird or wildlife watching. If you have none still you can feel the immense pleasure of Bird Watching. Wild Habitat Journeys takes Bird Watching a very serious vocation and are in pursuit of the winged species. On birdwatching trips we identify both Resident and migratory birds in the region, compile vital information about them and identify the trails.

Astro photography or Night photography is one of the very interesting activities that we encourage . We have very professional and senior mentors who are the legends in night photography. Besides doing the night photography on regular journeys we also arrange special sessions for night photography where our mentors guide the guests to click the spectacles of the sky at night .

Our Country has a gift of varied nature & wildlife destinations. Not only rich with the flora & fauna but we also have devine places with different domains ranging from snow covered mountains , barren grasslands , streams of waters flowing through the hilly terrains or even the huge sea shores. Places with different cultures and traditions and so on .. Ample Opportunities to capture number of different landscapes sea scapes , rivers , culture etc.

We at "Wild Habitat Journeys " organize Journeys and photography workshops to all these places where one can have truly get along with the nature and enjoy . Few of such wonderful places we regularly cover in our spectacular journeys consist Leh - Ladakh , North eastern states which are often called Seven sisters , The deserts of Rajasthan , Mountains of Sahyadri and the beauty of southern states covering Gods own country Kerala .

It is our pride that we have constantly offered top class staying and food facilities & very comfortable travelling wherever we have taken our guests from the inception. Till today We have never compromised in stay and food facilities of our guests . It has been our service that has given us the fame in a very short time and day by day the list of our family members has been showing the rise with many premium guests contacting us for their journey needs.

Conservation of the environment is the hottest issue in front of the world today. We at Wild Habitat Journeys have been committed not only to protect the Environment and Wildlife but also to create the awareness. As a part of the efforts to do this we have chosen the School & College going youths because we believe that the

young generation is capable of changing the world . By getting associated with the Educational Institutions for helping them to conduct Nature Club activities , we are trying to achieve this goal. As a part of this initiative we have designed a one day workshop for young school going children and we felicitate excellence among the participants , which becomes the inspiration to others for doing more

better. The workshop is named " Friends Of Nature " and we normally teach the children to make use of waste materials to make nature friendly articles like bird feeders from waste pet bottles & bird Houses from materials like coconut shells , cardboard etc. We encourage them to plant local varieties of trees by teaching them to make the seed balls and saplings and not only planting the trees but also taking the care of the trees till the tree is capable itself to survive independently.

With a desire to be closest to nature, Wild Habitat Journeys arranges Macro Photography Journeys to the selected destinations of our country mostly during or immediately after the monsoons , when the small creatures of our planet comes to life. Knowing nature from close proximity is a challenge and Wild Habitat Journeys wants to share this thrill with all participating guests.
